A Word From...
Our College Counselor

It's never too early for students to plan the next step in their academic careers. And, one of the best ways to prepare is by taking advantage of college-preparatory experiences and opportunities available right here at The Colorado Springs School (CSS).

CSS graduates study at colleges and universities all over the map, with many earning exceptional scholarships along the way. With help from CSS’s College Counseling program, students acquire the knowledge needed to select one or more post-secondary education institutions that best match their unique academic interests, preferred location, desired extracurricular offerings, and true fit campus culture.

I find the opportunity to connect our students with such opportunities both rewarding and intellectually engaging.

Regards,

Erik Playe, M.A.
